Rick - Texas Shrimp Association supports the 2013 Cooperative Texas Closure. We definitely need a face to face meeting pertaining to the Electronic Logbook Cost Sharing Issue!

Subject: Shrimp AP Conference Call

All,

Because we only received five positive responses for participants in a conference call the weeks of January 14 or January 21, we have decided to cancel the call since the only issue we intended to discuss was the 2013 Cooperative Texas Closure. We plan to include the Texas Closure on the Council's public comment portion of the February 5-8, 2013 Council meeting. We will also most likely have a face-to-face meeting of the Shrimp AP later in 2013 when the new electronic logbook program is established to receive your input and ideas on a cost sharing program. Thank you for your help.

Rick
