6/27/2012 12:57:25	charles weaver	hweaver@sswce.com	by catch mortality is a problem, but look what is happening with the red snapper. people tell me they catch 10 or 20 and cull them to get the big ones due to the small limit. big mortality let everyone buy tags and increase the enforcement at the bay openings and the docks and boat ramps.	auburn alabama 36830	Private Recreational Angler
